Coca i Fitó is an innovative, dynamic winery that creates singular wines, run by brothers, Toni and Miquel Coca i Fitó. The project started in 2006 in the DO Montsant wine appellation. In 2010, in the search of the promise of White Grenache, the team started to make white wines in the DO Terra Alta.

"Most of the grapes we use are our own, sourced from small vineyards worked in a sustainable manner. We want to take care of both the wine and the environment. There are three principle elements: the mineral essence of varied soil types; the blending of varieties (while one varietal gives us fruit and volume, another will be used for structure and freshness); and ageing, where the same base wine can be aged in different types of barrels (types of wood and and degree of toasting), amphorae, cement and stainless-steel tanks."

Suitable for a wide range of palates, with white flower aromas such as orange blossom or springtime flowers like the freesias. It offers white fleshed fruit such as pear, a dash of citric fruit and Mediterranean forest herbs.
