Featured Wine

2021 Domaine Pêcheur
Trousseau
Côtes du Jura AOC
glass 17 bottle 51

The Domaine Pêcheur began producing wine in 1976 from a single hectare of vineyards. Now, the domaine extends over eight hectares with vineyards primarily situated on the hillside slopes of the villages of Darbonnay and Passenans. The vineyard work is conducted according to organic principles-- neither pesticides nor herbicides are utilized, but the domaine is not certified organic.

Trousseau is a dark-skinned wine grape originally from the Jura in eastern France. Wines made from Trousseau typically have a deep cherry-red color and flavors redolent of dark red berries and other forest fruits. Pêcheur's Trousseau offers easy drinkability and effortless balance, its berry and plum fruit augmented by a touch of spice, and an underlying mushroom-like earthiness. This is aged entirely in used demi-muids after a spontaneous fermentation in stainless steel, and bottled just before the following harvest.

Sparkling Wines, Champagnes and other Splits
